

Spring Rhodes/Marshall/Mitchell Endorsement Application

This Endorsement Application is the first formal step in the process of obtaining the University of Notre Dame endorsement for the Rhodes, Marshall, and/or Mitchell Scholarships, which is administered by CUSE. You will need to complete this form in one sitting, but you can use the Endorsement Application PDF at cuse.nd.edu/rhodes, cuse.nd.edu/marshall, or cuse.nd.edu/mitchell to prepare answers offline before entering them here.

Within two weeks of the next Endorsement Application Deadline, CUSE will contact you to let you know whether you will be moving on to the next stage of the endorsement process: an interview with the University's Rhodes/Marshall/Mitchell Endorsement Committee. More information about the interview will be provided at that time. If you have questions in the meantime, please contact fellows@nd.edu.

List of Principal Activities

After you submit your application, please email to fellows@nd.edu your two-page list of principal activities in Document or PDF format. On the list, you might include sections for the following: Research Experience, Conference Presentations, Grants and Awards, Leadership, Service, Athletics, Publications, Employment, Interests. There is no required format for this list, but we suggest both that you only include principal activities (i.e., activities of substance that you'd be happy to talk more about in an interview) and that you say enough about each activity to make it clear why you've included it (i.e., the significance of the award, the impact of the research, etc.). Think of the list as a place to list the "facts" about what you've done, so that your essays can focus more on the "why" of what you've done and your future plans.
